

Risk Assessment – Main hut

| Hazard | Who might be harmed? | Control Measures |
|--|----------------------|---|
| Trip and slip hazard | All involved | Any spillages of food or drink to be cleared up as soon as possible (especially on non carpeted surfaces) |
| Electric shock | Individual | All areas to be kept as tidy as possible at all times Avoid touching with damp / we hands |
| Injury obtaining equipment from stores | All involved | Scouts are not allowed in stores unsupervised Scouts and leaders should only attempt to lift items which they are capable of doing so Heavy or awkward item should not be stored high up on shelves Knives and other such sharp items should be stored in a metal container or with suitable safety guards attached at all times |

Date of Assessment 3/10/2009
